HARVEST PROGRAM

Follow the entire wine process of wine making
on this 3 nights experience

In this program, entirely dedicated to wine and grapes, we invite you to join us, in which is one of the most important times of the year at Malhadinha!

The celebration of the harvest dates back to ancient times where the Greeks, Romans and Egyptians celebrated the moment that marked the end of another intense agricultural year. The Harvest is, to this day, a proof of resilience and teamwork, of Man and the vineyard over weather conditions, diseases and pests which affect crops and hard work in the fields.

This is a festival that values tradition, coexistence, the wealth of what earth supplies us with and the passion for wine.

“Life is good, but Wine is better.”

- Fernando Pessoa

Albert Anker

"What is beautiful and encouraging in this world, is seeing that in the harvest of each dream, the vine remains dreaming of another adventure. And the sweetness that is not tasted is transfigured into another sweetness that is much purer and much younger!"

- Miguel Torga

In this 3-night experience, we invite you to experience the rush of a harvest, whilst enjoying the essence of the Alentejo, characterized by the unique sensation of time and space.
